Mr. Douglas Dunster  
State of Washington  
Department of Ecology  
E 103 Indiana  
Spokane, WA 99207

Dear Mr. Dunster:

You requested certain information relating to our monitoring well network during your inspection of 4-28-81. Enclosed please find three (3) items:

1. Trentwood Drawing No. DM-13757. This print shows the location and general construction details of monitoring wells Nos. 1 - 5 with a note as to location of well No. 6.
2. Correspondence from Sweet, Edwards and Associates dated 2-25-81, containing details of well No. 6. Note: perforations for this well have recently been changed and I will provide you with an updated well log when they are available.
3. A brief, incomplete listing of analytical data gathered from water samples taken at wells 1 - 5 and our production well. I request this information be treated as confidential.

If I can be of further assistance, please let me know. I would appreciate copies of any reports you might write as a result of your inspection.

Sincerely,

P. H. Williams  
Environmental Engineer
